Following Jesus (Part 2) – Reflection Questions

- Are there ways in which you do things to try to inherit eternal life? Do you have an internal checklist for keeping yourself in God's favor?
- Is God asking you to trust his love more than you trust your money, job, reputation, health, abilities, or anything else? What would that look like?
- Has God asked you to do something that was difficult or cost you something (money, time, or energy) at the time? How have you experienced surprising blessings as a result?
- Is God asking you to do anything specific now as you follow him?
