Christians are to Jesus what the light of the moon is to the sun. We are the reflection of the Lord's love on earth. As it is impossible to separate the reflections of the moon from the sun's light, so it is impossible to separate the love of a believer's life from a relationship in Christ.

Devotional Time:

1. How have you experienced Jesus perfect, sacrificial, and forgiving love in your life? Take a moment to remember and appreciate his love for you.

2. Where do you need to walk in the love of Christ more and what would it look like? What false love do you need to walk away from?

3. Reflect on the phrase "Walk as children of light." What encourages or challenges you?

4. Read Ephesians 5:3-11. If your life was exposed to the light of Jesus' holiness, what would it reveal? Pause and repent over any dark areas of your life and then thank the Lord for his love and forgiveness.

5. Where is Jesus leading you to reflect his goodness, righteousness, or truthfulness in the life of someone else this week?
